# VDS MOBILE SURVEILLANCE UNIT

## HIGH RESOLUTION 360 VIEW

Equipped with four high resolution cameras, additional options include license plate readers

## PTZ CAMERA

2 PTZ (pan-tilt-and- zoom) HD camera which allows the user to see large and faraway areas by being able to zoom, spin, and tilt up and down

## DETERRENCE

High visibility police-style strobe lights throughout the mobile surveillance unit designed to scare off intruders

## NO ELECTRIC POWER NEEDED

High-quality solar panels for maximum charging. Sun-rechargeable battery pack can power mobile surveillace units to last days without sun.

## REMOTE LIVE VIEW AN PLAYBACK

In addition to our licenced monitoring services, footage and live-view are available on web browsers, smartphones,t or tablets

## CELLULAR CONNECTIVITY

Cellular connectivity makes the mobile surveillance unit practical for many situations

## REMOTE COMMUNICATION

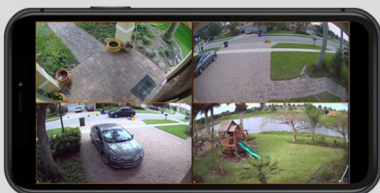

120-decibel speaker for remote voice announcements

## HIGH VISIBILITY

Heavy-duty electric mast expands up to 20 feet

## DATA STORAGE

Stores up to 30 days of video / data

**SAFELY SECURED.  
ALWAYS**
